Suggested Revisions in the FDD Publications List

REFER : Your memorandum and enclosure, dtd 28 Apr 1953, Subject:
"Copy of FDD Publications List"

1. Following are itemized suggestions and revisions relative to subject list of Foreign Documents Division publications.

Item 1: Suggest that maximum length of these reports be changed from "Usually under 15 pages" to "Usually under 30 pages."

Item 2: Request that [redacted] These are known only as Q-reports. Also suggest that "but always US Officials Only" be deleted since this provision no longer applies to these reports. It is recommended that the second paragraph of this item be reworded to read:

25X1A

[redacted]

25X1A

Item 7: Request that "other" be deleted from "by FDD and other translations units". It is also requested that "the intelligence" be deleted from line 5 of the second paragraph of this item since listings in this publication are no longer restricted to the intelligence agencies. Similarly, the deletion of "under contract to the intelligence agencies" would be appropriate.

Item 10: Request that "(Subsequent requests are filled by Thermofax reproduction.)" be changed to read "(Subsequent requests are filled by copies reproduced in Records Center.)"

Item 12: It is suggested that this item be deleted since X-numbered translations are not FDD publications.

2. In the course of 1952, FDD was authorized two other publications. Therefore, suggested that these publications be added to the list, as follows:

FOREIGN DOCUMENTS DIVISION. Reference Aids. Classification varies.

Compilation or tabulation of information of value to analysts and researchers for reference purposes. Includes glossaries, lists of publications, lists of abbreviations, etc. Distribution varies. Issued irregularly.
